

Our Services

Mechanical & Civil Engineering

Fabrication
Machining
Spares supply
Generator supply & maintenance

Petroleum

Diesel
Unleaded & Leaded Petrol
LPG

Treatment Plants

Waste water plants
Refurbishment of water pumps

Petroleum - Wholesale Supply

- Diesel
- LPG Gas
- Unleaded Petrol
- Leaded petrol

Mechanical works.

- Mechanical structural installations
- Installation & repair of all types of flue gas ducting
- Expansion joints manufacture, supply & installation
- Repairs of mechanical equipment (Pumps, valves & compressors)
- Designing, installation & maintenance of reverse Osmosis plants.

Fabrication & Machining

- Fabrication & welding steel structures
- Ducting repairs
- Steel structure form work- rolling & bending

Generator supply & installation.

- Supply & installation of stand-by generators
- Servicing generators
- Issuing of COC on Gensat installations

Water treatment plants.

- Installation of reverse osmosis water treatment plants
- Repair & overhaul of chemical dosing pumps
- Stroke setting of dosing pumps
- Charging of cut iron & unironed resins
- Supply & installation of filtration membrane

Water pumps & consumables.

- Pumps- Valves- Machining & fabrication- expansion joints- Compressor bearings- Fluid drive couplings- Couplings & hydraulics fittings.

Project Management & Quality

- Project Management is the practice of initiating, planning,executing, controlling and closing the work of a team to achieve specific goals and meet specific success criteria at the specified time.
- The primary challenge is to achieve all the project goals within the given constraints being scope, time & quality.

GENERATOR SUPPLY & INSTALLATION

- Supply & installation of stand-by generators
- Servicing generators
- Issuing of COC on Gensat installations

Industry Sectors

We offer global solutions across a wide range of industry sectors. Discover the key issues and drivers for your industry sector as well as the services, standards and solutions to address those challenges.

Energy sector

Organizations in energy, water, and mining

Private sector

Quality & Project Management consultancy

Fabrication & machining & or supply of spares

Public sector

Water treatment plants

CURRENT CLIENTS

Tshipi Entle Manganese Mine

APLS Holding had an opportunity to build a walkway crossing over railway line which encompassed robust civil works, structural and mechanical engineering.

Eskom – Generation

We offer engineering solutions to Eskom, whether in the form of design improvement or recalibrating the current status quo. Fabrication & welding steel structures, expansion joints and supply of spares.

GPWG Engineering

We offer support on the water treatment plants in the City of Ekurhuleni through technical advice, sourcing material and project schedule management & reporting.

Steinmüller Africa (Pty) Ltd

Steinmuller offers mechanical engineering solutions to most Eskom power stations and has given APLS an opportunity to supply or machine specialised fired & unfired pressure parts as well as other consumables.

J & C Engineering

APLS is the project support service for J& C Engineering at Tutuka power station on a 20 months outage & maintenance contract. This is a pivotal role seen as the anchor of the success or failure of the continuous black-outs.

THANK YOU

We look forward to working with you
